**DRAFT REGULATIONS GOVERNING FOUR - YEAR UNDER
GRADUATE PROGRAMMES AS PER NEP-2020 FOR
KARNATAK UNIVERSITY, DHARWAD**

Effective from 2021-22 & onwards

Preamble

The education system anywhere in the globe is always evolving in nature and has to keep itself abreast with the changing complex environmental conditions. The pace of adaptability of the system would determine a Nation's well-being. A vibrant and flexible educational system is a sure bet against all odds that a nation could face in the contemporary world. The delayed response of the system can take the Nation to medieval days. Against this importance of the need to keep the educational system in vibrancy, the Government of India constituted under the Chairmanship of Great Educationist and Scientist Dr Kasturirangan. The Committee, after an exhaustive examination of the existing educational system and of the need to adapt to the changing condition of Young India aspiring for greater skills and knowledge, produced a voluminous Document known as 'The New Education Policy – 2020.'

The NEP-2020 is based on the principle that education must develop not only cognitive capacities - both the 'foundational capacities 'of literacy and numeracy and 'higher-order' cognitive capacities, such as critical thinking and problem solving – but also social, ethical, and emotional capacities and dispositions. In a broader way, NEP envisions an education system rooted in Indian ethos that contributes directly to transforming India, that is Bharat, sustainably into an equitable and vibrant knowledge society, by providing high-quality education to all, and thereby making India a global knowledge superpower.

The Government of Karnataka, the most forward-looking State and IT Capital of India took the initiative of implementing the New Education Policy (NEP) – 2020 in right earnest. The University Grants Commission UGC), New Delhi directed all States and the respective Central and State Universities to implement the NEP – 2020.

The NEP-2020 envisages a student centric educational system with an opportunity to learn multiple courses and programmes and provides a comparable and globally competitive educational system. It transforms the existing Higher Educational System into creative, innovative and research oriented system. In addition to the traditional and time-tested system of continuing with the 3-year educational programme, the NEP provides an opportunity to the young minds to move up the ladder of knowledge stream by entering into the Honors and Research qualifications. The under-graduate four-year programme create a better avenue for higher-degree study at Master's / Ph.D. level and also demonstrate to prospective employers a higher capacity for independent learning and research, along with enhanced problem-solving, critical thinking, independent learning and communication.

The Karnatak University, Dharwad, an educational base of North Karnataka and premier State University and NAAC Rated University, has a history of latching all contemporary changes and developments which are student-centric and society-growth oriented. The NEWP-2020 needs the whole-hearted co-operation and support of galaxy of academia and educationist. Hence, the University constituted a Committee under the Chairmanship of incumbent Vice-Chancellor Prof K B Gudasi to frame regulations for all undergraduate programmes under the umbrella of NEP-2020.
